OUR STUDENT STRIKE!

And Janitors Join Them in Their Fight for "Equal Rights."

Sandusky, O.—Demanding "equal rights" with all other students, 250 of our students went on strike last week Friday. All of our janitors in school buildings walked out in sympathy with the students, members of the Board of Education said. The "strike" was brought to a head by our students' demand that they be permitted to use swimming pools in the schools, a privilege heretofore being denied them. While the "strike" had not been officially brought before the Board of Education, the first of the week, members said the board would meet soon and decide what action should be taken.

The ROUNDER

WHAT'S DOING!

The County Republican organization, Mr. Maurice Maschke, chairman, and also chairman of the campaign committee, has placed Councilman George on the **campaign** committee and Councilman Payne on the **registration** committee. Apparently the organization has left Councilman Bundy to continue consorting with State Senator George H. Bender and Atty. Ben Levin, the **obstreperous** ones. Mrs. Lethia C. Fleming was made a member of the **organization** committee.

Mrs. Mary L. Forrest, associate chairman of the Republican Executive committee in charge of the women's division, has announced the appointment of Mrs. Mary Sotak as head of an "executive committee made up of women representing nationality groups in the campaign." Wonder if this wouldn't stand a little investigating upon the part of Mrs. Lucinda Kirkendall Baker, Mrs. Lilly Mason and Mrs. Roy Bundy, women's leaders in wards 11, 18 and 17, respectively? Mrs. Forrest's appointment of Mrs. May D. Lang as supervisor of the Women's Speakers' bureau is an excellent one. Mrs. Nita Curtiss will assist Mrs. Lang.

Out in the 18th ward Councilman George has deposed Mrs. Margaret (Elmer J.) Whiting as woman ward leader replacing her with Mrs. Lilly Mason and explains this action by saying that "Mrs. Whiting was active in the revolt against Mr. Maschke during the primary"—according to a political writer in a local daily paper, Sunday. Mrs. Whiting's revolt doubtless was her support of the successful candidacy of Atty. Arthur H. Day for county police prosecutor. George's explanation doesn't "sound just good" because Mr. Day is now the party nominee for the position and backed by Mr. Maschke and the local Republican organization. "The Blossom Triplet" will have to find a better excuse for deposing Mrs. Whiting if he expects to be credited with proper intentions in removing the lady from the position. She was one of the most active supporters, male or female, that Councilman George had in both of his campaigns. Then too, the amount of both Payne's and George's support of Atty. George B. Harris, the local Republican organization's candidate for the nomination for county prosecutor, has been and still is being questioned by a large number of Republicans of both races or groups.

George W., son of Rev. L. H. Brown, pastor of Lane Metropolitan C .M. E. church, who has been so very ill at Mt. Sinai hospital for many months, last and this year, was appointed, last week Thursday, as junior civil service examiner as the result of standing highest on the competitive list, examination July 29. Salary, $2,500. Geo. W. Brown is a graduate of Howard University, Washington, D. C., has a master's degree from W. R. U., and is working for Ph. D. at that school. For the last six years, he has been teaching in colleges in West Virginia and Tennessee. He lives at 4912 Cedar Ave., S. E. This is the job "The Blossom Triplets" (Councilmen George, Payne and Bundy), at different times before and after that Blossom incident, slated and announced Atkins, Tyler and several others for, only to be **turned down flat.** Before the Blossom incident when they were "riding" the Fleming followers and threatening to put them all out of the political "equation" and blaming Civil Service Commissioner Harry E. Davis for the failure of the commission to appoint Atkins, Tyler or any of their other several candidates for the place Brown has just been given, Councilman Bundy, at a conference of "The Triplets" and the editor in **The Gazette** office, appealed to the latter to "help them with Harry E. Davis" but he refused to interfere. Since then, "The Triplets' 'have so conducted themselves (politically) as to alienate many, both in and outside of the local Republican organization, who were friendly toward them. Their threats to "unhorse" (politically) Messrs. Finkle and Bernstein, and **others,** and to do other equally as foolish things, have "jockyed" them into a position that makes them useless to about all of those they promised so faithfully, last fall, to serve. These promises were just like that other promise "to do all in their power to oust Director of Welfare Dudley Blossom". They **ruthlessly broke** them and **many** others.

"The Blossom Triplets" **sure are** "in bad." Councilman Roy Bundy's few remaining friends held a reception for him a few weeks ago which was a failure. The one for Councilman Larry Payne, last week, was another practical failure, while the one for Councilman "Clay" George and his new women's ward leader, Mrs. Lilly Mason (replacing Mrs. Elmer Whiting), Tuesday evening, was little better. All three of "The Triplets," several months ago, with a flourish of political trumpets announced that they were opposed to the re-election of Senator Roscoe C. McCulloch because he voted for Judge John J. Parker of North Carolina for Associate Justice of the U. S. Supreme court. For some weeks each one of them has been "hedging" with the result that it is now announced that Bundy and Payne are for McCulloch, and that George announced to the East End Republican club, last week, that he "could not afford to oppose the senator's re-election." They do not seem to be able to "stand hitched over night" on anything. You will recall they were against Director Blossom's reappointment and **pledged** their constituents to do all in their power to oust him from the office, and then did just the opposite thing **—helped Blossom to be reappointed.** Since then, and up to the recent change in their McCulloch position, they have turned the same political somersault in a number of instances. And with the general result that **they are all three more or less "out of luck" with the powers that be in the city** and unable to "deliver" to the many to whom they made all sorts of promises during last fall's campaign and the early part of this year. "The Triplets" are **thru,** brother, **now,** and it is almost a year until next year in the fall time when the campaign to eliminate them materializes. "The Rounder" warned them when they were making so much anti-McCulloch noise, that they were traveling too fast for the local Republican organization and that they had better "hitch their horses." They **wouldn't listen** to "The Old Reliable" **Gazette,** so now they are "eating crow by the buckets full." "Poor things!"

Where, O! **where** is Councilman Roy Bundy, these days? We so miss his "bobblegushing."

BY OUR CATHOLIC WORKERS

FROM VARIOUS PARTS OF THE COUNTRY, ASSEMBLED IN DETROIT RECENTLY.

Marshall, Dancy, Smith and Phillips Among the Speakers—Our Newest Priest, Just From Rome, Officiates at High Mass.

The third annual conference on the Negro in American industry, sponsored by the Social Action department of the N. C. W. C. and the Federated Colored Catholics of the U. S., took place in Detroit and was well attended. An N. C. W. report gives a picture of the deliberations that took place and that deserves the attention of American Catholics in general. The principles enunciated in this conference apply to all of us.

The various meetings were presided over by Victor Daniels, principal of the Cardinal Gibbons Institute, Ridge, Md., William A. Prater, field agent of the Federated Colored Catholics of America, and the Rev. John LaFarge, S. J., of the staff of the N. Y. America.

Mr. Donald Marshall, personnel director of the Negro workers at the Ford plant, who has under his supervision at peak times, 12,000 colored workers, stated that it had been demonstrated that whites and Negroes could work together but that "race prejudice at times seems almost an unsurmountable difficulty."

"The Negro occupational status is in dire need of improvement," said Mr. Marshall, "and neither the Negro employe nor his employer is free from blame in this situation. Where the Negro employe has been supplanted, it has been found quite often that it is a result of difference of policy of management. Or, on the other hand, there has been an evident neglect on the part of the Negro employe to study his job and thereby improve the quality of his service." He urged above everything else, that the Negro should study his job to make himself invaluable to his employer.

Mr. John Dancy of the Detroit Urban league, spoke of the living conditions of the Negro in Detroit. Sixty-five per cent of the health work done in Detroit is done among Negroes whose death rate is very high, he said. Mr. Dancy told of the poor opportunities for employment for the Negro even after training and of their difficulty in getting credit at the banks. "It is impossible," he said, "to make any advance in progress without credit."

Samuel L. Smith of the Credit Union bureau of Detroit explained the service which could be rendered by the Parish Credit union, 30 branches of which have already been established in white parishes since the first of January, and he urged the establishment of these credit unions in colored parishes also.

Dr. Karl F. Phillips, United States Commissioner of Conciliation, spoke on the subject "Working Conditions of the Negro." He referred to the migration during the period 1915-1925 of thousands of Negro workers from the southern states to the northern industrial centers for the purpose of securing mainly better living and working conditions. Of the nation's 45,000,000 gainfully employed persons, approximately 5,000,000 are Negroes whose participation in the productive forces of America he held to be as much a part of the nation's endeavor as is that of any other group of people who are devoted to their country's welfare.—Dubuque, Iowa, Catholic **Daily Tribune.**

Over 2,000 Hear High Mass!

Kingston, Jamaica.—More than two thousand people packed Holy Trinity Cathedral, Sunday, to witness an event unique in the annals of the Church in Jamaica—the celebration of solemn high mass by a Negro priest, the Rev. Adolphus Marie-Joseph Vidal. Father Vidal had arrived only a few days before from Rome, where he was ordained in June and whence he was assigned to the Jamaica station. En route here, he stopped at Port of Spain, Trinidad, where he celebrated Mass in the Cathedral in which his mother was once a choir girl. Father Vidal is the only secular priest in the Jamaica Mission, which is under the care of the Jesuit fathers of the New England Province.

HAITIAN LEADER ASSAILS THE U. S.

Latin American Countries Fear U. S. Imperialism—Workers Organizing.

Geneva, Switzerland.—A call for the U. S. to declare its Latin-American policy, was made by Dantes Bellegarde of Haiti, before the League of Nations Assembly. M. Bellegarde said that the fear of the U. S. reigns in Latin-America, and this fear which is dangerous, will continue as long as the American policy toward Latin-America has not been formulated in a manner in which there is no place for any abusive interpretation or application. The Haitian representative attacked the trade policies of the U. S. and also stated that the U. S. controls the affairs of the world and that Europe and Latin America are especially menaced in their economic life by North American expansion and the increasing industrialization of the British Dominions. He seeks to reorganize their forces by a plan for a continental economic unity formula. It was agreed that Latin America and the U. S. have a mutual need for each other and the U. S. is turning in that direction to increase its foreign exports. Lurking behind this policy of U. S. imperialism, Bellegarde stated, is the shadow of the Yankee Dreadnaught behind each Yankee dollar. The Latin-American countries have this mistrust for their "big brother". The Haitian natives under the yoke of imperialism, suffer untold agony. These workers are beginning to awaken and have started to organize into labor unions which will struggle to better their economic conditions. Under imperialism, the political leaders have been used as tools to betray the masses of workers. They have been highly exploited and overtaxed, but are determined to throw off this yoke of oppression.

The princess came from Lausanne where she had been studying for more than a year. The royalty intends to spend some time in sight-seeing, shopping and visiting museums and art galleries. The father of the princess is preparing for his coronation.

Mrs. Marjory Ison, a recent graduate of the normal department of W. R. U., has been assigned to teach in Marion school, while Miss Hazel Moseby, also a W. R. U. graduate, has been assigned to Mayflower school. We now have over one hundred teachers in the local public schools.

There is every indication that about 600 county employees will be shifted from the unclassified to classified civil service rating and forced to take competitive examinations to hold their jobs. Every employee of the county will be affected except elective officers, and approximately 50 others. **Get busy!**

Former State Senator John P. Green spoke most interestingly indeed at a celebration, Sunday afternoon, in Mt. Pleasant A. M. E. church, tracing the part played by the Afro-American in helping to build America. The meeting was sponsored by the South Side Civic Club, Hon. Perry B. Jackson, pres. A splendid write-up with portrait, and editorial notice, of the Senator appeared in a local daily paper, the first of the week.

After serving very successfully for some years in Stanton High School and Edward Waters college, Florida, and the last few years as principal of Manassas (Va.) Industrial school, Prof. George Sampson, a native Clevelander, brother of Mr. Fred Sampson, E. 40th St., has just become dean of Bethune-Cookman college at Daytona, Fla. This will be pleasing news to his many friends here "at home." Mrs. Hattie Dale who died, a few weeks ago, was his only sister.

Pass the word along to all of our people in the vicinity of E. 55th St. and Central Ave. Tell them popular George A. Sisco is no longer manager of the A. & P. store at the corner of E. 49th St. and Central Ave. Also that he is manager of Simon's Grocery store, diagonally across Central Ave. from the A. & P. store, and to patronize Manager Sisco's new place of business. C. C. Simon, the proprietor, is pleased greatly to have George with him, and the latter is greatly pleased to be with him. **"Let George do it!"**

Atty. Arthur H. Day, Republican candidate for county prosecutor, the speaker at St. James forum, Sunday afternoon, made an exceptionally interesting talk, as usual, in spite of the fact that a member of the congregation undertook to heckle him on the use of liquor in the home. Mr. Day's very proper reply was that the individual had just as much right to ask him how many times he kissed his wife, good bye, before leaving for work in the morning as to ask the question he did. Ex-Congressman Robert J. Bulkley, candidate for U. S. senate, will address the forum, Oct. 5.

George A. Sisco, who as manager opened the A. & P. deluxe store, at E. 49th St. and Central Ave., and made it such a success, and who had worked for the company possibly twenty years, resigned on his return from his vacation the first of last week and is now associated with C. C. Simon, at 4707 Central Ave., where he will be pleased to see his many friends. George is an old Cleveland boy, and a worker if there ever was one. Mr. Simon is to be congratulated upon securing his services. Pass the word along to your friends and acquaintances so everyone will know where George is.

Just about a year ago at a meeting attended by Mrs. Lethia C. Fleming, Larry Payne, County Commissioner Jack Harris, and at least one other, Payne pledged himself to support the Flemings for ward leaders in the 11th in return for Mrs. Fleming's withdrawal from the councilmanic race and her support of his candidacy. Both Commissioner Harris and Mrs. Fleming repeatedly publically called attention to this agreement, during the recent primary campaign, **and Payne did not deny its existence.** The Flemings kept their promise to the letter **but Larry didn't keep his,** as all know, but double-crossed the Flemings just as he and the other two "triplets" double-crossed their constituents in the Blossom matter. Therefore, who can believe "The Triplets"? What is their word worth?

GO TO THIS MARKET.

While many of our people know the advantage of patronizing the Woodland-55th Market, there are many more who have never visited it and taken advantage of its exceptionally fine offers, some of which will be found noted in an advertisement elsewhere in this paper. **The Gazette** urges its readers to patronize this market because it is one of the cleanest, neatest and best conducted in the city, as well as being easily accessible with the assistance of the street-cars, using a transfer when necessary. Located near E. 55th St. on the south side of Woodland Ave., it is so very convenient to many thousands of our people in all parts of the city because of the street-car service, but particularly to those located in the southeastern quarter of Cleveland. The freshest and best of everything, at prices as low or lower than in any other market or store in the city, is always to be found in the Woodland-55th Market. Of course, always the most courteous treatment. Watch for its "food specials", every Saturday, and take advantage of them. Tell your friends of this **good thing** and get in the habit of using your street-car transfer if necessary to go to this market, if you are not in the habit of doing so. **Save money** and get the best goods and the best treatment. Mr. Curtice, the superintendent, is always "on the job" and careful to see that all patrons of the market receive proper treatment and proper service at all the stands or stalls.

ATTENTION, CONCILIATION COMMITTEE!

The committee appointed by the city manager to bring about a conference between the local hotel managements and their strike-employees (the cooks, waiters and waitresses union) should not fail to see that the present hotel employees, who succeeded the strikers, are represented in any conference that may be held between the two contestants. This is only fair and **absolutely** necessary in order to bring out the **all-important** fact that overshadows everything else and that is that the local union **refuses** to admit the present hotel employees of color as members of the union, and yet have the nerve to undertake to force them out of the places they are holding. More! The union not only does this but adds to their miserable insult the suggestion that the employees of color **only** organize separate or "jim-crow" unions.

Some years ago over our earnest protest local Afro-American musicians acceded to such a suggestion and organized a separate or "jim-crow" union which was powerless a few weeks ago, for reasons obvious, to estop the local musicians' union (white) from demanding the dismissal of Al Jenkins' orchestra, a **union** organization which was playing for a night-club (Rosemont Tavern, former "Rainbow Gardens") in the west end of the city. The local musicians' union was simply trying to force the manager of the night-club to replace the Afro-American **union** musicians (Al Jenkins' orchestra) with its members. This best illustrates one of the main objections to "jim-crow" unions.

OHIO MOB VIOLENCE.

The Cleveland Gazette, leading Afro-American weekly in Ohio, which has just begun its 48th year of publication without missing an issue (and published **every** week **on time** since Aug. 25, 1883), is extended hearty congratulations for this record, the most remarkable of which is that its editor and present owner entered the business with the establishment of the paper with the one object of using the power of the press to benefit his race through abolishing the evil of lynching and removing the black laws from the Ohio statute books, etc.

The Hon. Harry C. Smith, editor and owner of **The Cleveland Gazette,** served three terms in the Ohio legislature, during which time he introduced many bills of value but the one against mob violence and his Civil Rights bill, perhaps stand out as the greatest. The Ohio Supreme court has several times upheld the constitutionality of both laws, and they have been very effective to the extent that many other states have passed similar laws (one or both) patterned after Ohio's, notably the states of New York, Illinois, Pennsylvania and New Jersey. Several other northern states and at least one border state (Kentucky) have also enacted anti-lynching laws in recent years.—Miss Delilah L. Beasley, a former resident of Ohio, in the Oakland (Cal.) Tribune, Sept. 14, '30.

OHIO'S MOB VIOLENCE ACT

OR ANTI-LYNCHING LAW LEADS THE COUNTRY IN EFFECTIVE LEGISLATION

Against the Mob and Lynch-Murder—Three Years' Work of a Member of the Race—Also His Ohio Civil Rights Law.

Our mob-violence or anti-lynching bill was introduced in the Ohio legislature in 1894 and re-introduced in 1896. It took the Hon. Harry C. Smith, editor of **The Gazette,** just three years to secure its enactment into law. The Ohio Supreme Court has several times upheld the constitutionality of the law and it has been very effective. Illinois, Pennsylvania and New Jersey have followed Ohio's lead and enacted mob violence or anti-lynching laws which are copies of our Ohio law. Several other northern states and at least one border state (Kentucky) have also enacted anti-lynching laws, in recent years, like Pennsylvania and New Jersey. The Ohio law follows:

MOBS.

Section
6278. "Mob" and "lynching" defined.
6279. "Serious injury" defined.
6280. Damages in case of assault.
6281. Damages in case of lynching.
6282. Damages recoverable by legal representative of victim of lynching

(93 v. 163 11.)

OUR OHIO CIVIL RIGHTS LAW

Upon the request of many readers of **The Gazette** we print below the text of the Hon. Harry C. Smith's Ohio Civil Rights law which the editor had enacted while a member of the 71st General Assembly, in 1894:

The General Code of Ohio:

Sec. 12940. Whoever, being the proprietor or his employee, keeper or manager of an inn, restaurant, eating house, barber-shop, public conveyance by land or water, theater or other place of public accommodation and amusement, denies to a citizen, except for reasons applicable alike to all citizens and regardless of race or color, the full enjoyment of the accommodations, advantages, facilities or privileges thereof, shall be fined not less than fifty dollars nor more than five hundred dollars, or imprisoned not less than thirty days nor more than ninety days, or both.

Sec. 12941. Whoever violates the next preceding section shall also pay not less than fifty dollars nor more than five hundreds dollars to the person aggrieved thereby to be recovered in any court of competent jurisdiction in the county where such offense was committed.

This law has repeatedly been held constitutional and good law by the Ohio Supreme court. The trouble is our people will not use it as often as they should, but expect it to do for them what they should and must do for themselves, under it, in the courts.

THE MAN WHO DARES

"I honor the man who in the conscientious discharge of his duty dares to stand alone; the world, with ignorant, intolerant judgment, may condemn, the countenances of relatives may be averted, and the hearts of friends grow cold, but the sense of duty done shall be sweeter than the applause of the world, the countenances of relatives or the hearts of friends."—Charles Sumner.

The Truth!

What would cause other people to gnash their teeth and gird their loins is question of debate for us. Kick us, beat us, pile depredations upon us, revile us, abuse us, lie about us, malign us and even impugn our valor and we are not unanimously insulted. It seems impossible to establish unanimity of insult in the black race.—Chicago (Ill.) Whip.

G. A. R. and Lynch-Murder.

Cincinnati, O.—The 64th G. A. R. encampment, held here recently, refused to vote on a resolution against lynching and mob violence, our local Civic Welfare Association urged it to adopt. The resolution was twice tabled. A conference was held with the commander-in-chief, Col. Edwin J. Foster, and the resolution was presented to the secretary of the committee, Judge Willet. Two Afro-Americans served on the committee but their influence availed naught. Thus the G. A. R. goes on record as the silent endorser of lynchings and mob terrorism.—C. E. A. Hunt spent Tuesday in Cleveland.

Special Operators Trace Errant Calls

Twenty-five out of every 1,000 telephone calls are referred to special operators, according to records of The Ohio Bell Telephone Company.

These special operators are called intercepting operators and are signaled only after efforts of regular operators to complete calls have failed. The intercepting operator then determines the action necessary to establish the connection.

Of the 25 errant calls, 13 result from causes over which the telephone company has no control, such as number changes and removals; two are due to a variety of causes, such as a line out of order, error in the telephone directory or service temporarily discontinued; nine are attributed to irregularities on the part of operators and subscribers and one is due to equipment trouble, it was said.

YOUTHFUL BLACK FROCKS "GET GAY" VIA THEIR CONTRASTING SLEEVES

THE gay black frock, but you say, "There is no such thing as a 'gay' black frock." Oh, yes there is, and here is a picture to prove it.

This youthful dress is of black faille silk and, having sleeves of a contrasting color, it is very "gay" and debonair. And that's the secret of the gay black frock—the splash-dash of color which designers are adding via contrasting sleeves and other enlivening details.

Other modish black gowns "get gay" in that they take unto themselves contrasting yokes patterned with all-over bead work, or else they add a collar-and-cuff set worked in turquoise blue, light green or pale pink beads. Just as often these beaded accessories are done in white, thus sounding the popular black-and-white note.

The matching scarf which adds so much to the attractiveness of the dress illustrated is a very significant style detail. The scarf neckline is accented not only in daytime frocks but evening gowns are graced very often with a "scarf to match."

As to this matter of novelty sleeves, there is no doubt as regards to designers having become sleeve-conscious to the extent that it is very often the sleeve that "makes" the gown. Sleeves of the peasant type, as employed in the fashioning of the gown illustrated, are especially cited in the fall style program. These full-below-the-elbow effects are interpreted in endless ways. Sometimes the lower portion of the sleeve is made of lace. Then again it is prettily beaded, or perhaps embroidered. There is no end to the elaboration of sleeves.

And if you are looking for more style details in the costume which the young woman in the picture is wearing, please to observe her voguish black pumps trimmed with white. There's her wide-brimmed felt hat, too—a perfect gem in smartness. It is one of those youthful poke-bonnet shapes which has such an exceedingly high crown, it sets the hat way back on the head so as to show the hair.

SMART SET CONTINUES TO SHOW ENTHUSIASM FOR STYLISH BLACK

OF COURSE the new colors are alluring, but their enchantment does not detract from the importance of stylish black. A costume in all-black, such as the smartly dressed woman in the picture is wearing, at a glance stamps itself as distingue. In this instance the theme of black is carried out to a nicety, in that milady's hat is black, her exquisitely fine and supple kid shoes are black, likewise her gloves are black kid.

Women who have always had a fondness for black broadcloth will be interested in knowing that this smart-looking coat is made of this "classy" material. The haute couture of Paris declare a revival of black broadcloth, in that they are fashioning many of their smartest afternoon ensembles and dressy coats of this handsome and ever genteel fabric.

The sleeves for the coat pictured invite special comment, for sleeves hold the center of the stage in the realm of fashions of today. Especially true is this in regard to the new fall and winter coats, the sleeves of which are telling a story of thrilling adventure, especially in matters of lavish fur treatments, which are that novel as to be almost eccentric at times.

Most of the latest sleeves accent the tendency of fur to travel up the sleeve as far away from the wrist as it can possibly go. The trend to get away from stereotyped cuff treatments is made obvious in almost every instance. The sleeve illustrated shows a manipulation of its fur trimming along the new "lines." See how it describes a flaring effect at the elbow, also giving a generously large aspect, and that is exactly what sleeves are this season—anything but small or tight fitting in appearance.

One even sees dolman sleeves and sleeves which call to mind the old-fashioned leg o' mutton types, and if not these, then sleeves which go below the elbow. As to the latter, often the full part below the elbow is made of flat fur with cloth for the top.

LOW GRADE FUEL CAUSES PRIMING

Use of Lighter Oil Will Assist Driver of Any Cold Machine.

Probably no other problem of operation for the motorist is so universal in its application, affecting alike the lordly twelve and the humble flivver, as that of securing ease of starting. There is a basic reason for this condition and it is found in the grade of gasoline that is now produced.

The fact that our oil refiners now include in "gasoline" heavier components than in the old days renders the motor fuel hard to vaporize and needing heat for efficient action. This is why cold weather makes it hard to start the cold motor. There is not a section of the country, even the sunny Southland, where the colder months do not bring difficulties in starting.

Secure Easy Starting.

Unquestionably the best way of securing easy starting is by priming with some fuel lighter, more volatile and more easily fired than the ordinary gasoline that serves very well after the engine has been warmed up.

An equipment for this purpose is easily installed on any car. It consists usually of a small air-tight tank holding about a quart of the priming fluid and this is generally located under the hood. A pipe leads from this tank to the inlet manifolds and another pipe to a pump or other control on the dash. By operating the control a small quantity of the lighter fuel from the auxiliary tank is injected into the inlet manifold, is sucked out of the combustion chambers and fires at the first spark.

A number of different fluids are used for priming. What is known as 76 degrees gasoline is entirely satisfactory. This is simply a gasoline of the sort that we used to get years ago, before demand caught up with supply and passed it, forcing the oil refiners to lower the grade of the fuel. This high-test gasoline may be procured from any of the big oil companies or from drug shops of the better sort.

Petroleum Ether.

Within the last year or two some of the oil companies have been producing what is known as petroleum ether. This is simply a lighter product from the crude base, differing little from high-test gasoline. It makes an admirable priming compound and with a tank of this on hand an easy start may be secured even in the coldest weather, 20 or 30 degrees below zero.

Courtesy of Road Cards Issued to Its Members

In a campaign for safety and courtesy on the streets and highways, the Missouri Truckmen's Association, Inc., has issued the following courtesy card, which they urge all members to post on every piece of equipment they operate.

The card reads as follows:

"Courtesy of the road: This firm promised co-operation in a campaign to win the good-will and respect of the public, passenger car drivers and officials for our truck equipment on streets and highways.

"Be courteous. Drive on the right side of the road. Slow up for passing automobiles. Be very careful when turning corners. Left-hand turns are very dangerous. Give hand signal to those in the rear. Safety First."

Slap in Cylinders

It is only after the car has been driven from 35,000 to 50,000 miles, and the pistons feel quite loose and there is a slap in the cylinders, that a heavier oil than that advised by the manufacturer might be used. Here again, however, the best advice is to have the entire cylinder block rebored and fitted with oversize pistons and rings, rather than continue much longer with loose oil-throwing pistons.

Automobile Sleepiness Is Cause of Accidents

The soporific effect of driving a car at night for several hours is really responsible for more accidents than defective construction. The constant vibration of the steering wheel, the continuous noise of the machine, and the drone of the wind have the same effect as does the buzz of an electric fan on most folks. Before the driver realizes it, he is getting drowsy. The wheel is held more and more loosely. Gradually the car takes the line of least resistance, aided by the slackening (but not totally abandoned) control of the driver. The next thing he knows he is off the road. Sometimes the car overturns. Sometimes the driver escapes, together with the occupants of the car, oftentimes the dereliction results in injury or death. If more drivers realized the danger of not keeping awake, there would be fewer accidents. At least, this is the opinion of experienced drivers.

Flashlight Holder for Changing Auto Tires

Motorists will find the flashlight holder illustrated convenient for changing tires. Driven into the ground in a suitable position, the light can be adjusted to illuminate any part. It consists of a length of broomstick, pointed at one end and provided with

a sheet metal clamp at the other, the clamp being held with a screw and nut. The clamp must fit the flashlight to hold the barrel firmly without restricting its movement entirely.—Popular Mechanics Magazine.

AUTOMOBILE HINTS

Shift the tires about occasionally. It means longer tire life.

• • •

It is estimated that about 50,000 traffic lights control automobiles throughout the United States.

• • •

Keep the rims free from rust. Rusty rims are bad for tire beads, and when beads are bad tires are worthless.

• • •

It seems singularly appropriate that the position of the hands is about the same in holding either a harp or a steering-wheel.

• • •

An automobile may be almost ready for the junk pile and yet it will surprise its owner by being frisky enough to turn over three or four times.

• • •

In passing traffic be sure that the road ahead is clear. Never attempt to pass on a curve, when nearing the top of a hill, or at intersections.

• • •

Many citizens of Washington, D. C., go away during July and August. The custom is now applauded because it leaves more parking space for tourists.

• • •

The power of the average American automobile has increased about 54 per cent in the last five years, according to a recent survey taken of 1925 and 1930 models by the American Research foundation.

HOSPITAL NURSES TRAINING SCHOOL!

Two and Maybe Three of Our Girls to Enter the City Hospital, This Month—Some Very Valuable Information Given By Dr. Thomas.

Sept. 9, '30.

Hon. Harry C. Smith,
Editor **Gazette**, City.

Dear Sir:—Here is the result of the recent selection of our girls to enter the nursing class at the local City hospital, Sept. 29, '30: **Cora McDonald**, age 23, a graduate of E. Tech. high school, residing at 2314 E. 101st St., and **Edna Wooley**, age 20, a graduate of E. Tech., residing at 4915 Portland Ave.

Anna Lane, age 20, a graduate, Richmond, Ky., residing at 2188 E. 39th St., qualified high but up to date has not sent in her records. This young lady should do so before Sept. 20, '30, so she can enter the class. Her primary educational standing and her grades in all schools are over 82.

Anna Alden, age 17, has accepted for the January, 1931, class, because she is not 18 years of age. She is a graduate of the Anna, Ohio, high school.

Esther Patrick, age 19, the only Central high graduate who made a favorable impression, would have been accepted but her high school credits were below 79. (She is Rev. H. C. Bailey's grand-daughter.)

The nursing school wants students who are healthy and who have finished high school with an average grade of 80. The time to get applications to enter the class of January, 1931, is **NOW!** Write to the Superintendent of Nurses, City Hospital, Scranton Rd., S. W., Cleveland, O., and get application blanks.

The young women **selected** were from Cleveland and Anna, O., and Richmond, Ky. This policy will be followed in all future selections of student nurses. So the school is open to our girls (qualified) from any state in the country. Central high school should have a graduate in the January, 1931, class. **Can "Central" make the grade?** Graduate nurses from Freedom hospital, Washington, D. C., are now employed at City hospital and the superintendent commends their excellent work.

It was the lack of proper training in required compulsory subjects that disqualified most of the 33 young women who made application to enter City hospital nursing class. Therefore, it is necessary that our girls should know what studies are compulsory. Here is the list: **BIOLOGY, BACTERIOLOGY, DIETICS, HYGIENE AND SANITATION, CHEMISTRY, PHYSICS, HOME-ECONOMICS AND MODERN LANGUAGES; THAT IS, LATIN, FRENCH OR SPANISH,** and **ENGLISH.** These subjects are **compulsory.** Girls, who want to get the training, must make an average of 80 in these.

URGES SUPPORT OF DEMOCRATS.

It looks as if local Democratic leaders have thus early got to Rev. D. O. Walker, the "political" pastor of St. James A. M. E. church. Addressing the opening meeting of St. James Literary forum, Sunday afternoon, the West Indian-American "bobblegush" attacked what he pleased to term the "slavish fidelity to the Republican party" of our voters, and also said, just as foolishly:

"We have nothing to fear from northern Democrats. All we have to worry about is seeing that the right northern Democrats are elected and sent to Washington."

It is clear to be seen, Walker has not lived in this country long enough to know why the apparent "slavish fidelity" to which he referred. **Conditions,** largely political, **force** it. Our voters had and still have no other party to which to go. There was and still is a large element of truth in the great Frederick Douglass' statement of many years ago, to wit:

"The Republican party is the ship; all else is the sea."

It is true, as Walker said: "Abraham Lincoln is not an issue in this election." **But what Abraham Lincoln stood for IS** and always will be until our people gain **ALL** the rights and privileges of **American citizenship.** To the exercising of many of these, national Democracy is unalterably opposed. Brother Walker says:

"We have nothing to fear from northern Democrats" and "all we have to worry about is seeing that the right Democrats are elected and sent to Washington."

Is that so? HOW SILLY! Southern Democracy **controls national Democracy,** being "the **head** and **body** of the Democratic animal" while northern Democracy is but the **tail.** And the tail **never** wags the head and body. This explains why all northern Democrats elected to the Congress and the electoral college have to obey the Democratic control which is made up in its entirety by southern Democrats. Northern Democrats who have been sent to the Congress have **always** had to bow to this control and **will always have to do so,** in the future. And this will include so fine an outstanding gentleman as Ex-Congressman Robert J. Bulkley of this city, the Ohio Democratic candidate for U. S. Senator. And it is **this very thing** that will prevent thousands of Afro-Americans thruout Cleveland and Cuyahoga county from casting their votes for him. If Mr. Bulkley were a member of the U. S. Senate, and any of our rights were at stake with the Democrats arrayed on one side and the Republicans on the other, Mr. Bulkley would be compelled to line up with the southern Democrats, leaders of his party. This has always been true in the past, and it is **just as true today as** it will surely be in the future regardless of his and all other protestations to the contrary. In all the history of the country since the close of the War of the Rebellion, no one has ever seen or heard of one of Walker's "right northern Democrats elected and sent to Washington," **and never** will as long as southern Democracy dominates the national Democratic party as it has done ever since the Civil War.

THE POLITICAL OUTLOOK

Ohio Afro-Americans used to have from a half dozen to a dozen delegates in every state convention. Last week, there were only two in attendance at Columbus, it seems. The decrease in our number of delegates is a pretty good indication of the decrease in the interest our people have had in Republican success at the polls, in the last ten or fifteen years. This year that growing lack of interest has developed into aggressive opposition, particularly to the two leading candidates on the ticket, Roscoe C. McCulloch for U. S. Senator, and Gov. Myers Y. Cooper, a candidate for re-election, that has assumed such proportions as to merit much more serious attention than ever before in the history of the party, especially since the Democratic state (and local ticket for this, Cuyahoga County) is the best in many, many years. Then this is an "off-year", one in which Republican defeat, if it is coming, usually obtains. So it behooves the leaders of our party to be up and doing, early and late, to "take nothing for granted", and wage a campaign such as the party has not had in Ohio for many years. Victory, this year, can come only as the result of long and sustained aggressive effort. The wet and dry questions are not helping any either.
